Planning: Not all facts and evidence should be presented in the first hearing itself. A good Advocate needs to plan out 'how much to show and when to show it. And also how much to hide' in order to preserve the confidential data from the opposition.

Perception: The Advocate's perception towards the case matters the most. If he is sure about his client being innocent, only then he will be able to prove him innocent in front of the Law.

Perseverance: Cases are never simple. If they were, people wouldn't have needed an Advocate in the first place! Thus, a good Advocate is someone who sticks to the case facing all the odds and difficulties inside as well as outside of the court.

Persuade: No person has ever or will ever be able to become a good lawyer without good persuasion skill. An Advocate should be sure of what he is speaking as well as be able to persuade others into believing him.

Lastly, a good Advocate is someone who is always one step ahead of his opposition.

Concluding the sessions our Principal Dr. Deepu P and Prof. K B Vasudeva, Director of Legal Studies, Vidyavardhaka Law College, Mysore extended their gratitude to every resource persons and to the participants of the workshop.
