Mangaluru

## ABOUT THE UNIVERSITY

Karnataka State Law University was established in the State of Karnataka in 2009, with the avowed purpose of providing quality legal education. It is only one of its kind and is the single largest Law University in the country, affiliating 108 law colleges including its own Law School at the main campus in Hubballi. It is making all efforts to professionally orient students by including appropriate components for the promotion of legal education in Karnataka.

The vision of the University is, "To transform Karnataka State into a legally conscious society, by providing quality legal education that is professionally competent and socially relevant so as to realize the constitutional primordial goal of social, economic and political justice and secure human rights to every common man. Strive to promote the culture of law and justice in the institutions of state, non-state organisations and every individual by providing informal legal education, training and legal service. Above all, inculcate in everyone a spirit of high moral and human values." In this endeavour, to realise the vision for excellence in professional legal education and research, the University is putting in untiring efforts through academic and extension activities.

In this direction, the University is organizing a Two-Day National Conference at five different zones, with six collaborating Law Colleges of that zone. The following institutions are identified as collaborative institutions for Mangaluru Zone:

- SDM Law College, Mangaluru
- Vaikunta Baliga College of Law, Udupi
- Vivekananda Law College, Puttur.
- M. Krishna Law College, Hassan
- Government Law College, Hassan
- KVG Law College, Sullia

## ABOUT THE CONFERENCE

Pollution-free environment is prerequisite for right to live with human dignity. Protection of the environment has occupied national and international attention as the pollution rate is increasing at a very fast pace. Improper disposal of biomedical waste, e-waste, massive industrial pollution is causing threat to life. The developmental projects resulting in displacement of people is another serious issue to be addressed in the present scenario. It is also the need of the hour to prevent pollution caused to land and coastal ecosystems. Many treaties, declarations and conventions have been entered into, by countries of the world to protect the environment and thereby prevent environmental pollution. Several legislations were enacted by the Legislature to address these issues. While the Judiciary has played a crucial role in protecting the environment by developing various doctrines, the Executive has also made tremendous efforts to prevent environmental pollution through its notifications and regulations. However, the State alone cannot protect the environment, unless citizens join their hands with the State.

In this regard, Karnataka State Law University is organising a 'Two- Day National Conference on The Changing Scenario of Environmental Jurisprudence', which will be a unique platform for participants to share their ideas and thoughts for the enhancement of knowledge in law. The conference enables the delegates, participants and policy makers to understand and analyse the changing scenario of environmental jurisprudence.

### Sub-themes

1. Conservation of land as natural resource
2. Coastal zone regulations and preservation of environment
3. E-waste management
4. Biomedical waste management
5. Pollution of water- threat to right to life
6. Industrial pollution and its impact
7. Displacement of people through mega projects
8. Any other sub- theme connected with the thrust area

## CALL FOR PAPERS

Academicians, research scholars, legal practitioners, members of professional bodies and students are invited to contribute papers on topics related to the theme of the conference. All papers submitted to the conference will be subjected to peer review. The decision of the reviewers is final and binding. Selected papers will be published in a Book with ISBN number.
