Process of Curriculum Design

In order to enrich the curriculum and syllabi of the Programmes offered at under graduation and post-graduation level, the University upgrades the syllabus of the Law courses offered from time to time. In this connection, statutory meetings like Board of Studies, Academic Council and the Syndicate are held and decision are taken on the majority opinion, subject to the Bar Council of India and UGC Norms in upgrading the syllabus. However, this enrichment process will not be complete in the absence of the feedback of stakeholders like students, faculty members, parents, and alumni on the curriculum & syllabi offered. Hence, the feedback from these stakeholders are collected, analysed and actions are taken wherever it is necessary.

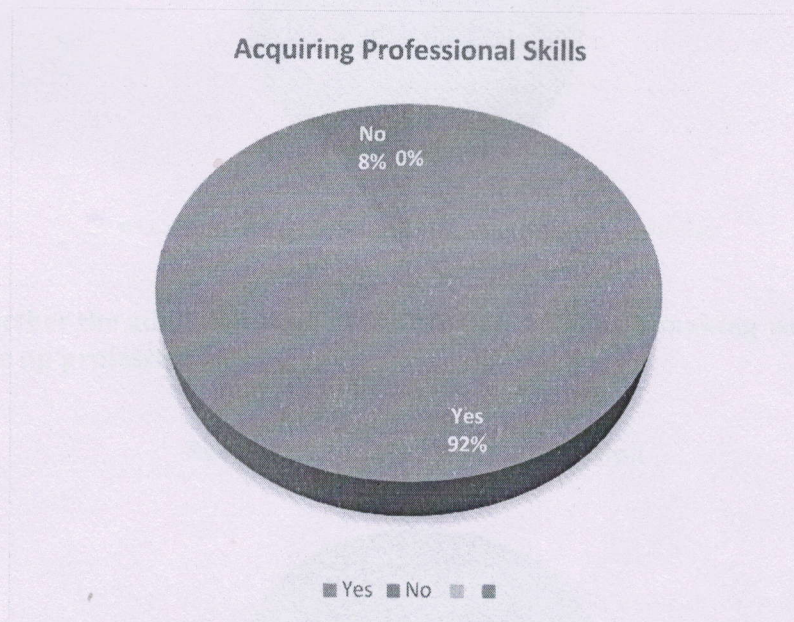

4. Parent Feedback on Curriculum & Syllabus Evaluation

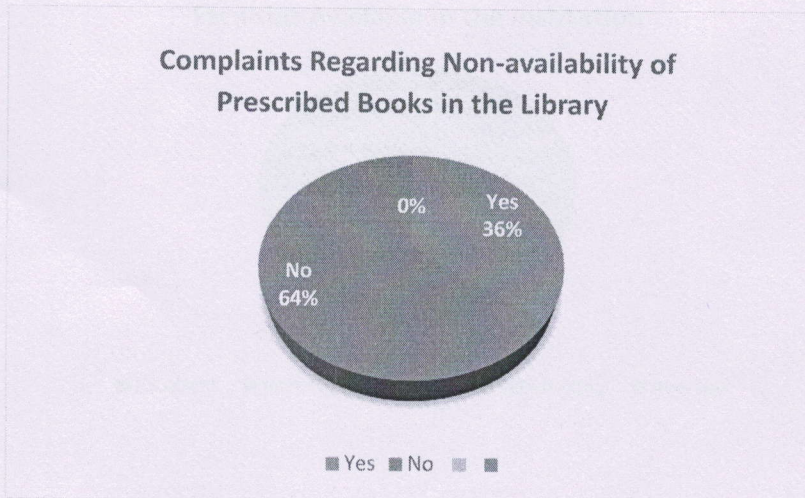

Category	: Parent Feedback
Total number of recorded feedback	: 253
Total number of questions attempted	: 5
Feedback Type	: Offline

Parents are considered to be one among the important stakeholders and were adequately interviewed besides receiving feedback from them in written form. The criteria used reflect observation on their children and their needs. The objectives of collecting Parents' Feedback are to rate the significance of the curriculum and syllabi, to measure the capacity and knowledge of their children after the completion of the programme, to identify how far the syllabus has been effective enough to make their children enter the profession, to recognize overall improvements in their children after taking the programme and to receive further comments and suggestions on the programme.
