

7.1.4 Water Conservation Facilities available in Karnataka State Law University

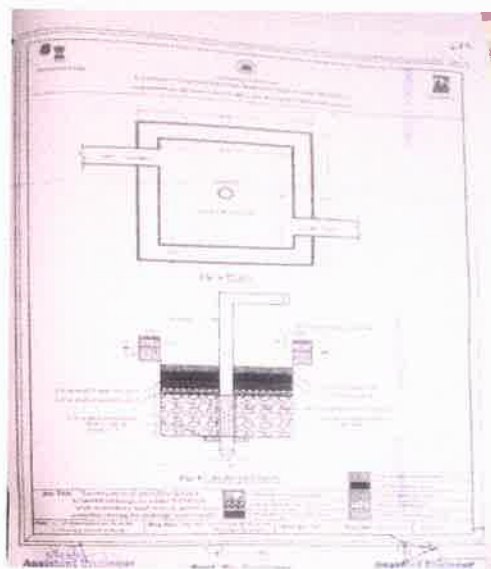

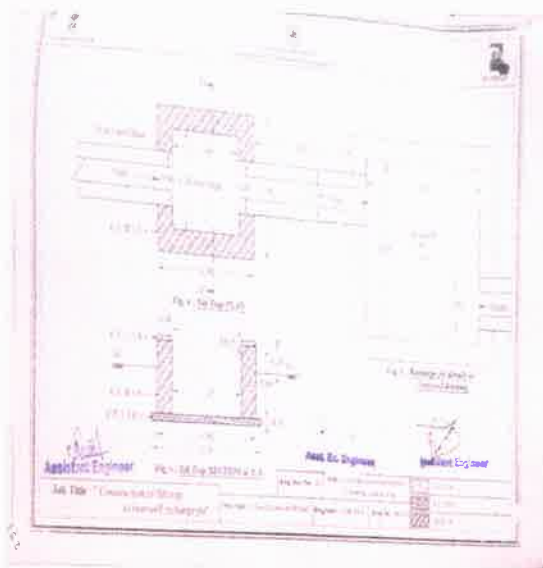

1. Rain Water Harvesting:

Rain Water Harvesting work has been undertaken in the premises of Administrative Building and Ladies Hostel of the Karnataka State Law University. The Rain water collected in the Administrative building and Ladies hostel campus and roof top is collected in a tank through pipelines and this water is in turn used to recharge the borewells and the ground water. (Photos are Enclosed)

2. Borewell / open well recharge:

Borewell recharge works are being taken up in the following locations of Karnataka State Law University. (Photos are Enclosed)

1. Borewell near Administrative Building
2. Borewell near Vice Chancellor Residence
3. Borewell Near Boy's Hostel
4. Borewell Near Teaching Staff Quarters
5. Registrar (Evaluation) Bunglow
6. Borewell between Boy's and Ladies Hostel.
